

HAWAII'S WOODSHOW 2010

The Eighteenth Annual
Statewide Juried Furniture & Woodworking Show
of the Hawai`i Forest Industry Association
Friday, March 26th through Sunday, April 11th
Academy Arts Center, Honolulu Academy of Arts
1111 Victoria Street, Honolulu, Hawaii

STATEMENT OF PURPOSE:

Hawaii's Woodshow 2010, Na La`au o Hawai`i, is the annual juried woodworking show of the Hawai`i Forest Industry Association (HFIA). The Show is designed to impart public appreciation for the participating artists and the materials they use, and to promote the positive role of forests in our economy and ecology. The Show calls for the use of wood from Hawai`i-grown tree species, especially those that have been planted and brought to maturity here. It is intended to serve as a reference point for the planting of native and non-native high-value hardwoods for coming generations.

RULES:

In order to promote the use of Hawai`i-grown woods while at the same time conserving endemic Hawaiian species, the following rules apply:

- Inadmissible Native Species: It is contrary to the spirit of the show to promote the use or sale of rare and/or endangered Hawai`i species regardless of whether the wood is salvaged deadfall. Use common sense and if in doubt, call Marian Yasuda (808-221-5171). The following are prohibited:
Ahakea, Bobea spp.; Hala, Pandanus odoratissimus; Iliahi, Santalum spp.; Kauila, Alphitonia ponderosa and Colubrina oppositifolia; Koaia, Acacia koaia; Kolea, Myrsine spp.; Kopiko, Psychotria spp.; Loulu, Pritchardia spp.; Mamane, Sophora chrysophylla; Maua, Xylosma spp.; Mehamehame, Fluggea neowaraea; Naio, Myoporum sandwicensis; Olopua, Nestegis sandwicensis; Uhiuhi, Caesalpinia kavaiensis.
- Imported woods are allowed only if the application is traditional, such as spruce for a guitar top, or used as accent or trim, in which case they must comprise less than 10% of the volume of the piece. Entrants are asked to keep the Hawai`i-grown theme of the show in mind.
- Imported materials such as plywood, MDF and high-density foam may be used as substrates where a locally produced alternative is not available.
- Wood salvaged or recycled from sources such as demolitions, green waste, and beaches may be used unless cited as inadmissible on the above list.

- 1) Entrants may submit up to **three** entries, one of which may be designated as not for sale. An entry may consist of more than one item if there is a relationship between the items, such as a table and chairs of like design. Entry fees are nonrefundable.
- 2) Entries must be freestanding, self-supporting, or submitted for judging and display with hardware for hanging and complete instructions for the volunteer staff. Any unusually large entry must disassemble and reassemble easily and entrant must be present at a time specified by the staging committee to assist with display.

- 3) After paid and signed Entry Forms are received by HFIA, entrants are mailed the **Entry Description Form**. This form calls for information on the categories in which pieces are to be entered, pricing, woods used, artist contact number, volunteer schedule or no-sit fee, and other pertinent data. This information is important in planning and critical to assure accurate signage at the Show and in the program. Entrants will be notified of photography options.
- 4) A **30%** commission is assessed by HFIA on all entries sold through the show to help defray Show production costs. Entries should be priced with this commission in mind. HFIA will be adding GET at 4.712% to the sales price. *Entrants are responsible for paying GET on items sold (minus HFIA commission.)* All entries must remain on display for the duration of the Show.

**** Shipping of sold entries is the responsibility of the entrant in arrangement with the buyer.**

Important: HFIA will not be liable for damages incurred to individual entries. *Participation is at the risk of the entrant.* Entrants can minimize risk by self-insuring and, if shipping from a neighbor island or the mainland, careful crating. If your crate exceeds 36" x 80" in width and height, the crate **must** be able to be disassembled by the staging staff. **To ensure the best handling of your work, please enclose a photo of the piece in the crate as well as detailed instructions for re-crating.** While HFIA makes every effort to handle entries with care, the entrant signature required on the entry application will serve as acknowledgement that the applicant indemnifies HFIA against damage or loss incurred in any phase of handling. Entries will not be accepted without a signature.

HFIA covers the cost of shipping from the neighbor islands to O`ahu and back when the following conditions are met: Neighbor island entrants meet the schedule defined by their respective point persons. Entrants must pack their own work securely in sturdy reusable crates and get them on time to the consolidation points. Entrants will be asked to declare value for shipping insurance purposes--declared value should reflect replacement, not gallery, value. Mainland entrants should contact Marian Yasuda at (808) 221-5171 to make all necessary arrangements--mainland to O`ahu shipping is not covered by HFIA.

Entrants are required to sit one shift of the show, designate a sitter, or pay a nonrefundable no-sit fee.

No-sit fee schedule: O`ahu entrants-\$60 Neighbor Island entrants-\$35

NOVICE AND STUDENT DIVISIONS:

The Novice Division of **Hawai`i's Woodshow 2010** is open on a voluntary basis to all **first time** entrants. The Novice category will be judged according to the same criteria and awarded a first place honor. Entrants (18 years of age and younger) in the Student Division will be held to the same entry rules, but will not be judged. Students will receive acknowledgement on opening night as well as Judges' comments on their work.

JUDGING CRITERIA:

Entry descriptions are examined as they are received; if an entry appears to be noncompliant, the entrant will be notified. One day before the show is judged, all assembled entries are screened by our Content Committee members and our Quality Judge. Hawai`i's Woodshow reserves the right to reject entries that are noncompliant, redundant, or of low quality.

Three Jurors, who have been selected from a broad range of expertise, will judge the Show. Judges will not be Show entrants. Judges will view placards containing the information about the entry, but artist's names and trademarks are concealed. Judging will be based on "Inspiration of Design" and "Excellence of Implementation." In the initial round of judging, each judge will select multiple entries from each category creating a pool of entries from each category, from which the First Place and Honorable Mention awards may be selected.

AWARDS:

Presented on opening night are a Best of Show Award and as many as five First Place awards in various divisions: Furniture, Woodturning, Sculpture, Musical Instrument, and Open. Student entrants will receive special recognition on opening night. Honorable mention awards, conferred at the discretion of the Judges, are also presented. People's and Artists' Choice awards are determined at the close of the Show after ballots are tabulated.

Three special awards will be presented this year:

- The **Roger Skolmen Award** will be awarded for the best use of an underutilized Hawai`i -grown species within the confines of the current rules. In addition to the above-listed inadmissible species, there are three species **excluded** from eligibility for this award: koa, mango and Cook or Norfolk Pine.
- The **Kent Award** will be presented to the Most Promising Young Artist. This award will go the artist 21 years of age or younger that exhibits the finest combination of creativity, design, technique and innovation.
- The ***Koa: Standing the Test of Time Award*** is being sponsored by the State Department of Agriculture and will be awarded to the individual that is putting forth extraordinary effort to ensure the sustainability of Koa and working diligently toward perpetuating resources for Hawai`i's future generations. HFIA will be seeking nominations for this special award. Please consider nominating yourself or others who are actively conserving the resource, replenishing the forest, or otherwise pursuing Koa sustainability. Additional details will be provided soon.

NEW THIS YEAR: An artists' resource book will be assembled as an accessory to the Show and will serve as a way for an interested visitor at the Woodshow to learn more about an artist in which they may be interested. Each entrant in the Woodshow will be given the opportunity to provide two 8^{1/2}" x 11" pages for the resource book. The pages may consist of a photograph(s) (8" x 10") and/or a resume or biography. Guidelines and specifications for the pages will be detailed in later correspondence.

INVITED ARTISTS: There are seven artists eligible for the Invited Artist category for Woodshow 2010. They are:

- Joel Bright
- R.W. Butts
- Robert Holden
- Tai Lake
- Frank McClure
- R.W. Rollo Scheurenbrand
- Alan Wilkinson

DROP-OFF LOCATIONS and POINT PERSONS for Neighbor Island Entrants

Neighbor Island entrants will be notified of specifics at a later date.

~~~~~

## 2010 TIMELINE

Volunteers are needed in all phases of show staging (painting pedestals, uncrating entries, etc.)  
Contact Marian Yasuda for a staging schedule and to offer your kokua.

- Friday, February 26<sup>th</sup>:** Entry form deadline with name and application fees.
